A woman wearing a black floral-patterned shirt, a white face mask, and large black headphones is operating a professional video camera mounted on a tripod. She is looking towards the camera. In the background, two men are visible: one standing on the left in a blue and white striped shirt with his hands clasped, and another sitting at a desk in a white lab coat and white face mask, also with his hands clasped. The setting appears to be a clinical or research facility, with a laptop on the desk and various pieces of equipment in the background. Large Japanese characters are visible on a wall or window in the background.
